

I, the Curryburger

I am not your typical Indian.
I am pathetic at cricket,
I am inept with computers,
and I have little interest in math.
I can't sing to save my life,
I can't cook,
and I can't understand Tamil or Hindi.

Like most Indians,
I do have a relatively high IQ,
I am studious,
and I enjoy curry.
I love to read the Bhagavad Gita, the Ramayana, and the Mahabharata,
and I am a pious soul.

I am not your typical American either.
I do not reject everything my parents teach me,
I am not that lazy,
and I actually LIKE to go to school and learn.
I do not gorge myself on McDonald's and Burger Kings,
and I am definitely not obese.

Like most Americans,
I am somewhat of an athlete,
I disapprove of our president,
and I love to eat meat.
I can't wait to get my driver's license,
and I am a geography expert.
I know for a fact that the Nile river flows through Georgia.
